Clear Valley Ranch CWMU Description

The Clear Valley Ranch CWMU is located on the north slope of the Raft River Mountains.

Maximum

elevations starts at about **9200 feet** and slopes north and northeast to around **5600 feet**. In this same north and northeast direction several canyons divide up the Unit. Parts of Clear Creek and Italian Canyon divide the west part of the Unit. Rice Creek, Jim Canyon and Birch Creek divide the eastside of the Unit. The steeper terrain is at the higher elevations.

The north part of the Clear Valley Ranch Cooperative Wildlife Management Unit (CWMU) is dominated by Great Basin **Pinyon-Juniper Woodland** (37). Most of the south part of the Unit is dominated by Inter-Mountain Basins Montane **Sagebrush Steppe** (62). Inter-Mountain Basins **Big Sagebrush Shrubland** (48) occurs in several large patches among the Sagebrush Steppe. Along the edge of the Sagebrush Steppe are patches of Inter-Mountain Basins **Cliff and Canyon** (8). There are a number of places across the Unit that are Great Basin Foothill and Lower Montane **Riparian Woodland and Shrubland** (98). There are also two (2) larger patches of **Agriculture** (114) on the Unit.
